

Caséta Smart Lighting & Serena Smart Shades work with the Google Assistant

Use your voice to directly control your lights and shades, activate pre-programmed scenes, and more!

“Hey Google,
dim my family room
lights to 50%”

“OK Google,
activate
‘Movie time’”

“Hey Google,
close my
kitchen shades”

Shades*

Caséta by  **LUTRON**

Serena by  **LUTRON**

* Works with roller shades, honeycomb shades and wood blinds.

RA2 Select & Sivoia QS Triathlon smart shades by Lutron also work with the Google Assistant using the Lutron App.

Getting started is easy

Step 1

Install your Caséta controls and Serena shades, connect to your Wi-Fi router, and download the Lutron App.

Step 2

Setup your Google Assistant enabled device, download the Google Home app, and connect it to your Wi-Fi network.

Step 3

Enable the “Caséta Wireless” service in the Google Home app to sync your devices with the Google Assistant.

What you need

- Lutron Smart Bridge or Smart Bridge PRO
- Lutron App
- Any Google Assistant enabled device*
- Google Home app (shown below)

*The Google Assistant is available with Google Home, Pixel Phone by Google, Android Wear, and eligible Android Marshmallow and Nougat phones.
